

LIVE & LEARN IN WANAKA

“ My son's year at Mount Aspiring College was the highlight of his educational experience – thanks so much to everyone at the school and the hostel for giving him such a great experience, education, and a fantastic launch-pad for the rest of his life. ”

Our **Hostel Programme** provides an opportunity for Year 13 students to live away from home and develop their independence and life skills, whilst enjoying a balance of academic study and outdoor pursuits in a spectacular mountain environment.

Ring today, on 0800 MT ASPIRING, for a prospectus and an appointment at our open day on Friday 13th of July.
